### Description

The SMS PT23DN/ID is an indoor/outdoor Pan, Tilt, Zoom, CCTV camera, which can be mounted in- or on- ceiling (wall and roof brackets are also available). A high resolution Sony™ Super HAD CCD delivers 480TV lines of colour at normal light levels, and switches to black and white mode in low light, providing an excellent minimum illumination level down to 0.01Lux using frame integration.

With 23X optical zoom and 10X digital zoom, 64 presets, multi control protocols, On Screen Display (OSD) for easy setup and configuration and programmable preset tours, the PT23DN/ID provides cutting edge technology and a high degree of reliability at a very attractive price. A keyboard/joystick controller is available and the camera can also be controlled from SentroMax V, LE, and RP Series DVRs.

**Recommended** for use indoors where a good quality Pan, Tilt, Zoom colour CCTV camera is needed to produce video in low light conditions as well as normal daylight illumination.
